Choosing the proper value in your **Guidance And Counselling Training Manual** e-book is among the most important parts of the advertising process. The first rule of pricing ebooks is to never underprice. Determine the highest price your audience can afford, and then if you find your e-book isn't selling, you may at all times reduce the price. Earlier than you take that step, make sure you are promoting your Guidance And Counselling Training Manual e-book like loopy on the Internet and on websites. The worth must be geared toward bringing in profits, but you should never neglect that price is without doubt one of the components that individuals use in judging the worth of your *Guidance And Counselling Training Manual* ebook ? earlier than they purchase it. So all the time begin with the highest value, and then launch a mega-advertising campaign.

Pricing an e book is especially troublesome as a result of ebooks are a reasonably new commodity.

Since they are digital, the worth of an ebook is as confusing as the understanding of what digital truly is to the common layperson. Which means we should look at ebooks in a unique light with a purpose to decide their precise value in this brave, new cyber world.

Let us take a look at the distinction between a e-book in print and an ebook. A printed ebook is an object you possibly can maintain in your hand, retailer in your bookshelf, even hand down to the following generation. It's priced on factors such as paper stock, design and production prices, and marketing.

But the fact that unites ebooks and print books is that they are composed of ideas. It's the concepts in these books which have the power to vary, or possibly transform, individuals's lives.

What do you assume an idea is price when evaluated against the cost of paper and ink?

It is the IDEAS which might be invaluable! That's how you decide the cost of your ebook.

What should I charge for my ideas?

There are all different formulas and strategies for figuring out the correct price on your ebook. Let's start with honing in on your ultimate goals.

Decide if your aim is to get extensive distribution and maximum exposure. This purpose is aimed toward drawing customers to your business or service, or to establishing the credibility of your reputation. If this is your most important purpose, you must goal to keep your worth on the low side. Some authors have even priced their ebooks at a revenue loss to attract a high number of new customers. The secret's to discover a value that maximizes your income and the number of books you sell.

This is an excellent pricing strategy if you are trying to acquire lengthy-time period customers. Long-time period prospects are extremely possible to buy from you once more and once more ? so long as the first e book they buy is of distinctive quality and beneficial to the customer.

Nevertheless, in case your guide incorporates precious ? and more importantly NEW information, references, or strategies ? then you need to goal to price it on the high end.

After you figure out your goal, you will need to determine what your audience's need is to your ebook. For example, does your book solve a specific drawback? If it does, and solves it in a means that hasn't been written about in 100 other ebooks, you will be in a position to achieve high gross

sales at a high price. If your e book solves a problem or answers questions in a brand new and unique manner, it is best to price your guide as excessive as you may go. You will obtain larger earnings this manner, however herald fewer customers. Just make certain the question or drawback that your e book solves is one which is necessary and related to nearly all of your market audience. If your ideas will not be common data, or you are presenting a model new approach, it is possible for you to to promote books at a high price. Simply be prepared for your competition to undercut you on price as soon as they hear about your book.

Remember the fact that the above pricing strategy is temporary. Finally, you will stop to promote books at this excessive price. So figure out upfront how lengthy you plan to supply your e book at this excessive worth, and when that point is up, change your pricing strategy.

If you want to see massive income over customer draw, intention for an audience that is searching for easy options to their issues at a low price. In case your book is aimed toward fixing one particular drawback relatively than general recommendation, then you possibly can charge more. Start at the highest value the market will bear to bring in the largest income, and plan to discount the e book a variety of instances all through the year.

Marketing Methods

The key that unlocks the sales potential of your book is to find a single sentence that becomes your selling handle. This sentence states what query or drawback your guide solutions and the advantages your e-book can provide. Then remember to use that sentence in every piece of gross sales and

promotional material, and every time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are several different strategies that may show you how to promote more books.

One is to give something away free of charge with your book, equivalent to a worthwhile bonus item. Or bundle several ebooks beneath one value, which lowers the value for every e-book in the event that they were offered separately.

An effective method for figuring out a value is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the brand new ebook, but do not include a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with totally different costs on each page. Be sure your gross sales copy is precisely the same on every page, and consists of your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum value is.

Finally, for those who've written a book that solves a problem or presents a brand new method, your guide will usher in both visitors and profits. So remember to write that promoting-handle sentence that sums up what downside your book solves and what the advantages of your *Guidance And Counselling Training Manual* guide will probably be to the customers who buy it. And then watch your market come to you!
