highest price the market will bear to bring in the largest profits, and plan to discount the ebook a number of times throughout the year.

Advertising Strategies

The key that unlocks the sales potential of your e-book is to find a single sentence that turns into your promoting handle. This sentence states what question or problem your ebook solutions and the benefits your ebook can provide. Then make sure to use that sentence in every piece of sales and promotional material, and each time anyone asks you about your ebook.

Apart from selling your books assiduously online, there are a number of different methods that can show you how to sell extra books.

One is to provide one thing away totally free along with your ebook, corresponding to a precious bonus item. Or bundle a number of ebooks beneath one worth, which lowers the worth for each ebook in the event that they were offered separately.

An effective method for determining a value is to send out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion by way of price. Do this by creating a sales web page for the brand new ebook, but do not include a price on that

page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Ensure that your sales copy is strictly the same on every page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum worth is.

In the end, when you've written a e book that solves a drawback or presents a new technique, your e book will herald both visitors and profits. So you'll want to write that selling-handle sentence that sums up what drawback your e book solves and what the advantages of your 1850 book will be to the customers who purchase it. After which watch your market come to you!
