If your guide solves an issue or answers questions in a new and

unique manner, you need to value your e-book as excessive as you'll be able to go. You'll obtain bigger income this way, but usher in fewer customers. Needless to say the above pricing technique is temporary. Eventually, you'll cease to sell books at this excessive price. So figure out in advance how lengthy you plan to offer your e book at this excessive worth, and when that time is up, change your pricing strategy.

If you want to see large earnings over customer draw, aim for an audience that is in search of easy options to their problems at a low price. If your guide is aimed toward solving one explicit drawback fairly than common recommendation, then you can charge more. Start at the highest price the market will bear to herald the largest profits, and plan to low cost the guide a variety of times throughout the year.

Do that by making a gross sales web page for the new e book, however don't embrace a worth on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with completely different costs on every page. Make certain your gross sales copy is strictly the same on

each web page, and contains your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum price is.

Ultimately, should you've written a e-book that solves a problem or presents a new technique, your ebook will usher in both traffic and profits.
