Marketing Methods

The important thing that unlocks the gross sales potential of your book is to find a single sentence that turns into your promoting handle. Then be sure to use that sentence in every piece of sales and promotional materials, and every time anybody asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of different methods that can make it easier to sell more books.

One is to present one thing away free of charge with your guide, resembling a valuable bonus item. Or bundle several ebooks under one price, which lowers the price for every e book if they had been bought separately.

An effective technique for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by making a sales page for the brand new ebook, however do not embody a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a number of duplicate gross sales pages with completely different costs on every page. Ensure your gross sales copy is strictly the identical on

each web page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum worth is.

Ultimately, when you've written a ebook that solves a problem or presents a brand new approach, your guide will herald each site visitors and profits. So you should definitely write that promoting-handle sentence that sums up what drawback your ebook solves and what the advantages of your 202 book will probably be to the customers who purchase it. And then watch your market come to you!
