However, in case your ebook contains helpful ? and extra importantly NEW data, references, or methods ? then it's best to purpose to cost it on the high end.

After you figure out your aim, you could figure out what your viewers's want is for your ebook. For instance, does your e book clear up a selected downside? Another technique is to test out costs by making a number of duplicate gross sales pages with completely different prices on each page. Ensure your sales copy is exactly the same on each page,

and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum value is.
