An effective method for determining a value is to ship out a survey to your current customers. If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by making a sales page for the new e-book, however do not embrace a price on that page. Ensure your sales copy is precisely the identical on each web page, and includes your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum value is.

Ultimately, for those who've written a book that solves a drawback or presents a brand new method, your e-book will usher in both visitors and profits.
