An effective technique for figuring out a worth is to send out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion when it comes to price. Do this by making a sales page for the new book, but don't embody a value on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with different costs on each page. Make sure that your sales copy is strictly the same on each page, and contains

your promoting-deal with sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum value is.

Finally, if you happen to've written a ebook that solves a downside or presents a brand new approach, your guide will herald both traffic and profits.
