Do that by creating a sales web page for the brand new guide, however don't embrace a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by creating a variety of duplicate sales pages with completely different prices on every page. Ensure that your gross sales copy is precisely the same on every web page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum value is.

Finally, if you happen to've written a book that solves a downside or presents a brand new approach, your book will herald both site visitors and profits.
