Apart from promoting your books assiduously online, there are several different methods that can make it easier to sell extra books.

One is to provide one thing away totally free with your ebook, similar to a precious bonus item. Or bundle several ebooks underneath one value, which lowers the value for each book in the event that they were offered separately.

An effective technique for determining a worth is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the new e book, but don't embody a value on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by making a variety of duplicate gross sales pages with completely different prices on every page. Make sure your sales copy is strictly the similar on each

page, and includes your selling-handle sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum worth is.
