An effective approach for figuring out a value is to send out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the new book, but do not embrace a worth on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate gross sales pages with different costs on each page. Ensure that your sales copy is strictly the identical on each web page, and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum value is.

Finally, when you've written a e-book that solves a downside or presents a brand new approach, your e book will usher in both visitors and profits.
