high gross sales at a excessive price. If your book solves an issue or solutions questions in a brand new and unique manner, you need to price your ebook as high as you can go. If your ideas are usually not common knowledge, or you are presenting a brand new approach, you will be able to promote books at a excessive price. Just be prepared on your competition to undercut you on value as quickly as they hear about your book.

Keep in mind that the above pricing strategy is temporary. Finally, you'll stop to sell books at this excessive price. So figure out prematurely how long you plan to offer your ebook at this excessive price, and when that time is up, change your pricing strategy.

If you want to see giant earnings over buyer draw, purpose for an audience that's looking for simple options to their issues at a low price. If your e-book is aimed at fixing one particular drawback reasonably than general advice, then you'll be able to charge more. Begin on the highest price the market will bear to usher in the largest profits, and plan to discount the book a variety of occasions all through the year.

Do this by making a gross sales page for the new e book, however don't embody a value on that page. Make sure that your gross sales copy is exactly the identical on each page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. This will inform you what your optimum value is.
